The government announcement that smugglers would be hunted down recently in their traffic from Canada to the American cities resulted in a immediate increase in prices. Previously whiskey prices were so low that bootleggers were making small profits. The price of Canadian whiskey was raised \$5 a case by wholesale bootleggers, and the retail price was increased 50 cents a quart, to \$7.

Captain F. G. Dodge of the Coast Guard service soon will have 28 rum-hunting speed boats in operation.

- ¶ Beware of the house to house solicitors selling dishes, rugs, hosiery and other household necessities.
- Most all the merchants have abandoned the circular and hand-bill and the house to house solicitor idea, and are spending their advertising appropriation where it will do the most good -- in the columns of THE LIMA NEWS.
- ¶ Lima is being flooded with solicitors selling dishes, rugs, hosiery, furniture and some are selling without a license -- be sure you are right before you buy. Call up the Board of Commerce, Better Business Bureau, whenever you are in doubt, and they will find out whether the solicitor is legitimate in his wares or statements.
- Don't forget, any article you buy from the canvasser, you can buy for less from the MERCHANT, and in case it is not satisfactory -- you can always return it -- in buying it from a canvasser -- means he's gone and cannot make good.
- The modern shoppers read the advertisements carefully and regularly. They find that the advertisements save them steps, bother, trouble and time.
- Shop in THE NEWS and you will surely get BARGAINS at the right prices.
